

STRUCTURES

As a manufacturer, supplier, installer, and service provider of air-supported structures, we work with you from conception to implementation and beyond.

Our company philosophy is built around the belief that a customer never leaves The Farley Group<sup>®</sup>. From project planning and installation to ongoing service and maintenance, we become a trusted member of your team.

Our expert staff of sales consultants, designers, and highly skilled production and service professionals are well experienced in all facets of air structure technology, ready to help you through every phase of your dome project.

Located just west of Toronto, our manufacturing facility is a 58,000 square foot air-supported structure that features a state-of-the-art electronic radio frequency welding platform.

Our in-house design professionals work closely with our manufacturing team to ensure the optimum degree of dimensional accuracy is achieved in every structure we produce. Together with our network of trusted suppliers, we aim to provide you with an end product that meets the highest quality standards and your scheduling requirements.
